Section 2. Binding Upon Successors: This Agreement shall be binding upon the school board and its successor personnel and upon any school district into which or with which this district shall be merged or combined, consistent with Minnesota State Law.

ARTICLE II

RECOGNITION OF EXCLUSIVE REPRESENTATIVE

Section 1. Recognition: In accordance with the PELRA, the school district recognizes the Winona Education Association as the exclusive representative of teachers employed by the district, as described in the provisions of this Agreement.

Section 2. Appropriate Unit: The exclusive representative shall represent all teachers of the district as defined in this Agreement and in said Act.

Section 3. Exclusivity: The district shall not meet and negotiate or meet and confer with any teacher or group of teachers who are at the time designated as a member or part of the appropriate unit except through the exclusive representative.

ARTICLE III

DEFINITIONS AND REPRESENTATION

Section 1. Representation: The exclusive representative shall represent all teachers of the district. The “teacher” shall mean any person employed by Independent School District No. 861 in a position for which licensure is required by the Board of Teaching or in a position of physical therapist, occupational therapist, and school nurse, except superintendent, all personnel identified as administrators, and those administrators in the administrative bargaining unit, and daily substitute teachers who do not replace the same teacher for more than 30 working days except as otherwise provided in this contract.

Subd. 1: Teachers:

A. Full time – A teacher recognized on the salary schedule as receiving the total salary for her/his step and training in whatever teaching capacity she/he occupies. The full time load is that which is described in the master contract, Article XIV, Section 4.

B. Fractional time – A contract teacher on the salary schedule teaching less than full time, i.e., 2 hours per day for 184 days.

C. Hourly – A teacher whose teaching assignment is not full time and who teaches in the Homebound program. Rates of pay for hourly teachers shall be paid in accordance with Article IX, Section 2, Subd. 6 and 8.

ARTICLE IV

SCHOOL DISTRICT RIGHTS

Section 1. Inherent Managerial Rights: The exclusive representative recognizes that the school board has the responsibility and authority to manage and direct, in behalf of the public, all operations and activities of the district to the full extent authorized by law, provided that such rights and responsibilities shall be exercised by the school board in conformity with the provisions of this Agreement.

Section 2. Reservation of Managerial Rights: The foregoing statement of rights and duties shall not be deemed to exclude other inherent management rights and management functions not expressly reserved herein, and all management rights and management functions are reserved to the school board.

ARTICLE V

RIGHTS OF THE EXCLUSIVE REPRESENTATIVE

Section 1. District Information: The district agrees to furnish monthly to the exclusive representative and to each building lounge the same information as each board member receives in the board book. Additional information of a public nature will be made available to the exclusive representative for its perusal in accordance with the right extended to any citizen.

Section 2. School Board Agenda: The superintendent of schools shall place on the agenda of each regular board meeting any material requested by the exclusive representative providing the request is made in writing to the superintendent's office by the deadline established for all such requests. At the discretion of the superintendent of schools or the school board chairperson matters may be added to the agenda without these time restrictions.

Section 3. Mail Service and Bulletin Boards: The exclusive representative may use the inter-school mail service and the P.A. system before and after school. The exclusive representative shall also have the right to post notices of activities and matters of direct concern to the organization on teacher bulletin boards, at least one of which is provided in each school building of the district.

Section 4. Meetings: Tuesdays, after school, 15 minutes after dismissal, shall be reserved for meetings of the exclusive representative. Wednesdays, after school hours, shall be reserved for building meetings called by principals and for other meetings as other administrators may call. The administration shall call no meetings on Tuesdays and the exclusive representative shall call no meetings on Wednesdays unless cleared by the exclusive representative president and the superintendent of schools. It shall be expected that routine meetings called by the administration will be scheduled one week in advance with an agenda presented for that meeting. Emergency meetings may be called at the discretion of the administration. The exclusivity of Tuesday and Wednesday does not in any way preclude the use of any day of the week for meetings providing the above are followed. It has been informally agreed that Tuesday evenings will be reserved for association meetings and that such things as school open houses and PTA meetings will be scheduled on other nights. This will not be contract language, however, it will be administrative direction.

Section 5. Contract Copies: The district shall furnish up to a maximum of fifty copies of this agreement at a cost to the exclusive representative for its use at \$1.00 per copy. The district shall also provide the exclusive representative two copies of the seniority list.

Section 6. Exclusive Representative Dues Deductions: The exclusive representative shall, by August 15 of each year, inform the business office of the amount of dues to be deducted from members who have a dues deduction authorization card filed in said office. Dues shall be deducted from the paychecks of such members in twenty-four (24) equal installments beginning on September 15. Should a member wish to discontinue dues deduction, said member shall notify the business office between August 1 and September 1 and the business office shall notify the exclusive representative before making the change. Additions to or deletions from the file shall be permitted as they occur during the year.

A list of all new teachers employed by the district, including hours of employment, shall be delivered to the exclusive representative at the beginning of each school year. Changes which occur during the year as a result of changes in hours of employment, hiring's, resignations shall be provided to the exclusive representative as they occur, but within 15 duty days of the occurrence. Upon request to the business manager, a listing of the total dues deducted from individual members shall be provided to the exclusive representative. Such requests shall be limited to two times annually.

Section 7. Fair Share Fee: In accordance with the PELRA, the exclusive representative shall have the right to assess a fair share fee to teachers who are not members of the exclusive representative for services rendered by the exclusive representative. The amount will be in accordance with the rules and guidelines prescribed under PELRA and/or the Bureau of Mediation Services. The exclusive representative shall provide written notice of the amount of fair share fee assessment to the business manager by September 15 each year and a list of all employees to be assessed such fee. Additions to or deletions from the list shall be allowed as they may occur throughout the year. The exclusive representative shall initiate and/or be informed of any such changes.

A challenge by an employee of the assessment from the exclusive representative shall be filed with the Bureau of Mediation services as prescribed by law. Such fair share fee shall be held in escrow by the employer pending an official decision on the challenge. Fair share fees shall be deducted in 16 equal amounts beginning October 15 and ending May 30. On or about June 1 each year, the business office shall supply to the exclusive representative a listing of the fair share fees deducted in the 16 payments by individual teachers and the total amount. The figure of the amount of fees held in escrow because of challenges shall be supplied at the same time. The exclusive representative and its member employees agree to indemnify and hold the district harmless against any claim, suit, order, judgment, or action, including costs of defense, taken against the district or joining the district as a party, involving the administration of this article.

Section 8. Exclusive Representative Days and Leave:

Subd. 1. Each year the exclusive representative shall be credited with 45 days, non-cumulative leave, without loss of pay, to be used by teachers who are officers or agents of the exclusive representative. Requests for such leave days shall be made through the president of the exclusive representative and directed to the superintendent's office. The exclusive representative agrees to notify the above office no less than 24 hours prior to the date of intended use of such days. The days may be used in either full or fractional increments at the discretion of the exclusive representative. In the event that all 45 leave days have been used, the WEA and administration may mutually agree to additional leave.

Subd. 2. A member of the exclusive representative appointed or elected to serve as an officer of the state and/or national organization, or a member of the staff of such organization shall be granted leave, without pay, for the time required to fulfill the duties and obligations of that office. Upon return from such leave, the teacher shall be placed on the salary schedule at the next step following the last held by the teacher. Seniority for the time spent on leave shall be granted for all purposes other than placement on the salary schedule.

Subd. 3. Members of the exclusive representative appointed or elected to serve as officers of the state and/or national association shall be granted leave, without pay, for the time required to fulfill the duties and obligations of that office.

Members of the exclusive representative elected to serve as board members of the state and/or national association shall be granted up to 15 days leave per school year for time required to fulfill the duties and obligations of that office. The member shall notify the superintendent at least 24 hours in advance with copies of that notice to be sent to the president of the exclusive representative. If the district hires a substitute to replace the board member during the absence, the pay of the substitute shall be deducted from the excused teacher's pay.

ARTICLE VI

TEACHER RIGHTS

Section 1. Publication of Contract: Copies of this Agreement will be printed at the expense of the district within thirty (30) days after the agreement is signed and duly approved by

formal action of the School Board and the exclusive representative. Copies of the agreement will be distributed to all teachers now employed, and hereinafter employed, by the district. District policy books will be available on the district website.

Section 2. Individual Contract: Any individual contract between the board and an individual teacher heretofore executed shall be subject to and consistent with the terms and conditions of this contract. Any individual contract hereafter executed shall be in the forms provided in Appendix C and shall be expressly made subject to and consistent with the terms of this or subsequent contract to be executed by the parties. If an individual contract contains any language inconsistent with this contract, this contract, during its duration, shall be controlling.

Section 3. Personnel Files: The district shall maintain one permanent employee personnel file. This file shall contain materials that are related to her/his employment. Working copies of dated evaluations and dated corrective action requiring administrative attention shall be available in the respective buildings for necessary reference. These working files are not official personnel files and are subject to current state law.

In regard to minor infractions and deficiencies, only recurring minor infractions, irregularities and deficiencies shall be entered into the employee's personnel file. No letter or accusation shall be placed in an employee's personnel file without the author identified.

Further, each teacher shall be promptly furnished with a copy of all evaluative and disciplinary entries placed in the permanent personnel file. No such correspondence shall be done solely by electronic means. Each teacher shall have the right to place in her/his personnel file a rebuttal statement attached to the relevant document. Contents of the teacher's permanent personnel file shall be disclosed to that teacher upon request and to the exclusive representative upon written request of the teacher.

Only the permanent personnel file may be used as evidence in any disciplinary action or hearing.

Subd. 1. The employee shall be granted the right to remove after seven years material of a disciplinary nature, providing the matter has been successfully resolved and no further related incidents have occurred. Exceptions to this removal policy are matters that deal with physical and sexual abuse or sexual harassment and violence.

Section 4. School Facilities: The district will attempt to maintain and equip classrooms to effect no less than adequate teaching. Teachers shall be provided with the supplies necessary to meet daily instructional needs and the district shall make a reasonable effort to provide an adequate place in which to teach within the limits imposed by district finances and existing facilities.

Subd. 1. Technology Maintenance: The district shall provide necessary employees to set up and maintain all technological equipment.

Section 5. Staff Development Committee: The Staff Development Committee shall consist of eleven (11) elected teachers, at least one of whom shall be a special education teacher, one representative from the non-licensed group, one school board member or her/his designee, a

principal from each school level, the district curriculum and instruction director, one parent from the district, and one representative from a college of education in the community. The election of the eleven (11) teacher members is to be conducted by the exclusive representative. The length of term for each committee member will be two years. Teacher members of this committee shall be afforded release time without loss of pay for any meetings under this section that are called during the school day.

Section 6. Staff Development: Teachers shall have equal access to all staff development programs. A “menu” system of programs shall be utilized to ensure choice based on personal development needs. The intent of any staff development program is to improve and/or update teaching methods and/or update content taught. Staff development programs or any component of said programs shall not be used for the purpose of teacher evaluation. Program menus will be generated by the staff development committee as defined in Article VI, Section 5.

Teachers involved in staff development will not receive additional compensation for hours out of their classrooms on a contract day. Staff development involvement requested by the district during non/contract days will be compensated at the hourly rate established for staff development activities. No additional stipend will be paid.

Section 7. Education Policy Committee: The exclusive representative shall select a committee of five (5) teachers to meet and confer with a committee of the board consisting of one School Board member or her/his designee, the Superintendent and two other administrators on matters not included in this Agreement relating to services being provided to the public in accordance with Minnesota Statute 179A.08. Teacher members of this committee shall be afforded released time without loss of pay for any meetings under this section that are called during the school day.

Section 8. Released Time, Continuing Education Committee: Teachers serving on the Continuing Education Committee will be provided released time from their classes without loss of pay for the periods required during the school day to perform their duties at properly called committee meetings.

Section 9. Committee Membership Selection: The members of any newly established district committee, which impacts on teachers or their working conditions, shall be selected jointly by the superintendent or her/his designee and the exclusive representative.

Section 10. Site Teams: All decisions and determinations made by site teams must follow Board Policy, state and federal law, and the teacher master contract.

Section 11. Qualifications of Teachers Employed: All new teachers employed by the district for a regular teaching assignment in the elementary and secondary schools must have not less than a baccalaureate degree from an accredited college or university, and a teaching license issued by the Minnesota Department of Education. Teachers shall be assigned to subject areas or grades indicated on their teaching licenses. Study halls may be assigned to licensed teachers as part of a normal teaching load.

Section 12. Summer School Teaching: Summer school or evening school offerings shall be posted in each school building as soon as they are determined. Teachers under contract with District 861 shall have priority for all available positions. Assignments will be made from qualified applicants. The responsibility of approving those assignments rests with the school board.

Section 13. Subcontracting: All curricular, co-curricular, and extra-curricular assignments normally conducted by members of the bargaining unit shall be retained within the unit, and the district shall not employ, assign, or contract with any person outside of the bargaining unit to perform such assignment(s) unless no qualified teacher is available within the bargaining unit to accept such assignment(s).

If a person from outside the bargaining unit is employed for a co-curricular or extra-curricular assignment because no qualified teacher is available within the bargaining unit, the person from outside the bargaining unit may be asked to return to the same assignment the following year without posting the position to bargaining unit members.

Section 14. Educational Assistants: When educationally necessary, as determined by the administration, educational assistants may be employed at any institutional level. Educational Assistants will be under the supervision of the teacher and building principal. They shall not be employed to occupy positions normally filled by licensed teachers.

Section 15. Class Size: Minnesota State Department of Education recommendations or regulations regarding class size will be used as a guide in determining the pupil teacher ratio. Where maximum class size must exceed the Minnesota Department of Education recommendations or regulations students will be equitably distributed among the teachers assigned to that subject and or grade level, consistent with good educational policy which shall recognize, but not be limited to, such conditions as classroom size, student safety where safety is an inherent problem, capability and preparation of teachers, and learning ability and the behavioral difficulties of students.

Subd. 1. Licensed staff shall be allocated and assigned to each instructional facility of the district to provide programs in the areas of special education, health services, media instruction and guidance and counseling services.

Subd. 2. No interactive technology course will be offered which includes more students than would be in a regular class of the same subject.

Subd. 3. Student placement: Students with special needs, recognized through formal staffing procedures, may be included in regular classes. If the educational value for either the student or the classroom is a questionable one, the classroom teacher may refer the questions of placement to a committee for a possible change or modification of that placement. The committee will consist of 1) the classroom teacher, 2) the building principal, 3) a person designated by the exclusive representative, and 4) the director of special education or the superintendent's designee. The committee shall then make recommendations regarding said student placement to the superintendent of schools for further action. Other students who have

persistently extreme difficulty in adjusting to the normal school classroom environment or who represent an unusual or peculiar problem to themselves or the classroom of students will have the same referral procedure outlined above.

Subd. 4. A teacher instructing through interactive-television shall not be responsible for student behavior and attention to task at the remote site.

Arrangements shall be made at the receiving site to maintain classroom discipline and student attention to task.

Section 16. Visiting Days: Each teacher shall be allowed one visiting day per year without loss of pay to visit another school. Visiting days shall be requested a minimum of five school days in advance. The request shall be made in writing and include the school to be visited, the area of interest to be observed, and how the visit fits the mission of the building or the district. Arrangements for a visiting day may be made by the teacher or administrator. A report of the visit shall be made to the building administrator upon his/her request within one week after the visitation. This report may be written or verbal at the discretion of the building administrator. Visiting days will not be allowed for a day which immediately precedes or follows a vacation, personal day, or holiday. To gain maximum benefits from the visit no visiting day shall be taken after May 1 for the balance of the school year except the superintendent may, at his/her discretion, permit visiting days after May 1. All visiting days are taken at the teacher's expense, except in cases where the administration requires or requests the teacher to take a visiting day. In such instances full expenses shall be paid by the district.

Section 17. Just Cause: No tenured teacher shall be disciplined or denied a scheduled salary increase or deprived of any professional advantage without just cause. Any such denial or discipline shall be subject to the professional grievance procedure set forth in this contract. All information forming the basis for disciplinary action will be made available to the teacher and upon written consent of the teacher involved to the exclusive representative.

Section 18. Teacher Assignment: All firm teaching assignments shall be posted in each respective building by May 15 of each year, subject to change until all assignments have been made. Teachers affected by such changes shall be notified immediately in writing.

Section 19: Teaching Vacancies and Transfers:

Subd. 1: Vacancies: Teaching vacancies in the district, or new positions, shall be posted in the central offices, and on the district website, as they become known. Where known, posting shall indicate grade level or subject matter and building. All such postings shall periodically be included in communications from the Human Resource Office. During the summer months after school is out and prior to the start of the new school year, the postings will appear in the office of the director of human resources.

Subd. 2: Voluntary Transfers: Teachers who desire to change grade, subject matter or building assignment, must file a written statement of such desire on the standard district form supplied by the building principal or the director of human resources. Such request will be removed from the files on September 1 of each year. Teachers must submit a new statement after

September 1 for the school year which follows. A teacher denied a transfer request may confer with the superintendent, and, upon request, shall have the denial in writing containing reasons for said denial.

Subd. 3: Involuntary Transfers:

- A. Before making an involuntary transfer/or change the School District will solicit volunteers for the transfer.
- B. In the event no satisfactory volunteer is found, a teacher transferred involuntarily shall, upon request made to the human resources office, receive written reasons for the involuntary transfer.
- C. In the event a more senior staff member has been involuntarily transferred when there is a staff member with less seniority who is fully licensed for the placement, the senior staff member may request of the superintendent, within five days from the notice of involuntary transfer, a meeting to discuss the involuntary transfer and review the educational reasons for the involuntarily transfer. The meeting shall include the superintendent of schools, the director of human resources, the current principal involved in the transfer, the teacher rights representative, the WEA president and one teacher appointed by the WEA president.
- D. In the event a senior staff member requests a meeting with the superintendent, the involuntary transfer shall be subject to the approval of the superintendent of schools following said meeting. The decision of the superintendent shall not be subject to the grievance procedure. A grievance may be filed if the procedure outlined in Section 19 is not properly followed.

Subd. 4: School Closings and Position Eliminations: In the event of school closures or eliminated positions, those teachers effected by the closing or eliminated position shall be notified of all available positions for which they are licensed. In accordance with the vacant positions each teacher shall select one of the following as her/his first priority: 1) grade or grade block, 2) subject matter, 3) building. In case of identical priorities the transfer process will be as specified in Subd. 3.

Subd. 5. The practice of the district shall be to effect needed transfers which appear to be in the best interests of students and education in the district. After the procedures outlined in Subd. 1 through 4 are exhausted the district reserves the right of selection, direction, and number of personnel as provided under PELRA, 179.66, Subd. 1.

Section 20. Employment Reduction and Subsequent Rights:

Subd. 1. Any teacher who voluntarily reduces her/his level of employment shall have the right to return to her/his previous level of employment upon request providing seniority to a job exists. The teacher must declare interest in returning to full time employment by February 1. The Department of Human Resources shall issue one reminder at the time the reduction is approved regarding the need to declare interest in returning to full time employment by February 1.

Subd. 2. Any teacher who is less than full-time shall receive consideration for any full-time vacant teaching position that occurs. In such circumstances, the school board shall seek the best qualified candidate. Teachers employed less than full-time in the district shall be given preference, unless outside applicants have substantially superior qualifications. When a fractional time teacher is hired for a full-time position, her/his seniority shall accrue on the full-time seniority list from the record date of hire as a full-time teacher. This clause shall not change the seniority rights of any teacher on unrequested leave.

Section 21. Maintenance of Standards: This contract shall not be interpreted or applied to deprive teachers of professional advantage or to modify the working conditions heretofore specifically enjoyed unless expressly stated herein. Nor shall it be interpreted or applied to deprive the district of any of the services of the teachers heretofore enjoyed unless expressly stated in this contract.

Section 22. Teacher Evaluation:

Subd. 1. The primary objective of the teacher evaluation procedure set forth in this article shall be the improvement of instruction.

Subd. 2. All teacher evaluations shall be made in writing and shall be conducted openly and with full and prior knowledge of the teacher. Evaluations shall only be conducted by a licensed building principal, associate principal, or other licensed administrator. This language shall not limit the opportunity for the building principal, associate principal, or other licensed administrator to conduct informal drop-in visits. This informal drop-in visit shall not be used as part of a formal evaluation procedure, nor shall it be entered into the official permanent personnel file.

The use of eavesdropping, public address, or audio systems and similar surveillance devices for monitoring or observing the work performance of the teacher shall be prohibited.

Subd. 3. A hard copy of the evaluation instrument used by the supervisor during the evaluation procedure must be provided to the teacher prior to the observation.

The evaluation report shall be discussed within three (3) working days at a conference between the supervisor and the teacher. Two (2) hard copies of this written evaluation report shall be submitted to the teacher; one (1) to be signed and returned to the administration, and the other to be retained by the teacher. The teacher shall have the right to add remarks or other information pertinent to the report. Such remarks shall be attached to the original reports and shall contain the signature of the teacher and person preparing the evaluation report.

Subd. 4. Probationary teachers shall be evaluated at least three (3) times during the school year. Each evaluation shall be for a full class period. Tenured teachers shall be evaluated under an administrative policy that is consistent throughout the district.

Subd. 5. If after such evaluations the supervisor finds deficiencies in the teacher's work performance, the district shall provide the teacher with specific and reasonable written recommendations, in hard copy format, for improvement. In order to implement the recommendations, the district shall also provide the teacher with constructive assistance, including time during the workday, material resources and consultant services. The teacher shall be given a reasonable period of time to implement these specific recommendations. A teacher assigned to the remediation cycle of the district evaluation policy shall be allowed to transfer to another building if it is in the best interest of instructional improvement; such transfer shall remain at the discretion of administration.

Subd. 6. Upon completion of a reasonable period of time necessary for the implementation of any specific recommendations, at least two (2) additional evaluations shall be held. After completion of these required evaluations, the observer shall prepare a comprehensive evaluation report which shall acknowledge the strengths of the teacher's performance as well as the deficiencies, if any, and shall note all of the data and information used to support the evaluative conclusions made by the supervisor.

A hard copy of the comprehensive evaluation report shall be provided to the teacher at least five (5) days prior to placement of the report into the teacher's personnel file.

Subd. 7. Any teacher who believes that an evaluation of her/his performance is unjust, incorrect, or unfairly administered, shall have the right to file a grievance pursuant to the grievance procedure of this agreement.

Section 23. Peer Coaching: The purpose of peer coaching is to provide for increased instructional effectiveness for all Winona teachers, both probationary and tenured. Peer coaching is understood to be peer mentoring or peer review. This section is intended to meet the requirements of MS 122A.40 Sub 8.

A peer coaching committee will be established to jointly develop the peer coaching process for the Winona School District. The committee shall be made up of six (6) members, three (3) members selected by the School District and three (3) members appointed by the Winona Education Association.

LEAVES OF ABSENCE

Section 1. Medical Leave: At the beginning of each school year each full time teacher shall be credited with 12 days of medical leave, cumulative to 195 days without loss of pay if the absence is due to personal illness, injury, quarantine, medical/dental appointments or disability resulting from pregnancy, termination of pregnancy, or child birth. At no time shall accumulated medical leave be used until the 12 days have been used. In each September, the School District shall notify each teacher of her/his medical leave balance. Upon request, the School District shall furnish the teacher with documentation of her/his medical leave balance.

The School District may require a teacher to furnish medical certification from a qualified physician as evidence of any illness and/or disability pursuant to this section, indicating such absence was due to illness and/or disability, in order to qualify for medical leave pay. Medical cost related to certification of an employee illness shall be borne by the district.

A teacher may use eight medical leave days for family illness or for the fulfillment of her/his responsibilities as the medical power of attorney for a family or non-family member.

Use of medical leave for absences due to the illness of or injury to the teacher's dependent child under the age of eighteen, or under age twenty still attending secondary school, shall be allowed for such reasonable periods as the employee's attention with the child is necessary, on the same terms as medical leave for the employee.

The school board upon request from the exclusive representative or superintendent of schools may grant additional medical leave to individuals who have used all their credited medical leave. Denial of additional medical leave is not grievable.

The School District will follow all state laws in effect and applicable to this Section.

Subd. 1. Fractional time teachers, excluding summer school, shall receive medical leave benefits on a pro-rated basis. Such teacher will also accumulate medical leave days on a pro-rated basis, cumulative to 195 days, but shall not be compensated for an amount which exceed the teacher's fractional contract.

Subd. 2. A Teacher unable to perform the duties of employment because of personal illness or injury shall be granted, upon request and certification by the attending licensed physician of inability to perform such duties, a leave of absence up to one year without pay. Requests for extension of a year's leave may be granted at the discretion of the school board. The district shall continue payment of the district's share of insurance premiums during the teacher's absence, not to exceed one year. A teacher who is granted such leave shall notify the superintendent of schools of her/his intention to return not less than 30 days prior to the end of said leave.

Subd. 3. All absences caused by injuries covered by the Workers' Compensation Act are a part of the medical leave policy of the district. If the payment to the teacher under the Workers' Compensation Act is not equal to the teacher's salary, the district shall pay the difference between the regular daily salary of the teacher and the amount paid by Workers' Compensation. The

fractional time a teacher is absent from school and not paid by Workers' Compensation will be charged against her/his accumulated medical leave. The fractional amount paid by the district will be charged to the teacher's accumulated medical leave.

Subd. 4. A teacher unable to perform duties of employment because of pregnancy, termination of pregnancy, childbirth, or recovery therefrom, may begin leave upon certification from the attending licensed physician that the teacher is unable to perform such duties, or upon the agreement by said teacher and the building principal that leave should be commenced, and the teacher shall be entitled to medical leave without loss of pay to the extent provided by subdivision 1 hereof. Leave in excess of unused medical leave credit of such teacher shall be treated as a leave of absence without pay during the period such teacher is unable to work due to the pregnancy, termination of pregnancy, childbirth or recovery therefrom. A teacher shall, upon request, have the option to terminate a requested leave of absence due to extenuating circumstances. The district may require a 10 day notice if the substitute teacher's contract requires it.

Subd. 5. Medical leave due to pregnancy, termination of pregnancy, or child birth may be used for the period of time determined by the attending physician. Written medical certification, provided by the attending physician, is required for medical leave due to pregnancy, termination of pregnancy, or child birth. Failure of the teacher to return shall result in termination of the teacher's employment. Unpaid Child Care Leave is available, see Article XIII, Section 13, Child Care Leave.

Section 2. Disability Leave Reserve: A voluntary disability leave reserve shall be established and is expressly intended to be used by any teacher who has elected to participate in the reserve and who has a written opinion from an M.D. or a D.O. indicating that the teacher is physically/mentally incapable of performing her/his duties due to disability after she/he has used her/his personally-accumulated medical leave. In addition, said teacher shall have used any other paid leave, including personal leave, available to her/him prior to drawing from the disability leave reserve.

Subd. 1. Eligibility: Teachers eligible to belong to the disability leave reserve are those teachers who have not reached a maximum accumulation of medical leave at the beginning of any school year. Teachers may elect to participate upon hire, or prior to the start of school in subsequent years. Eligibility for the disability leave reserve end when the teacher becomes eligible for long-term disability. Teachers wishing to join the disability leave reserve must contribute two (2) days of their accumulated medical leave. When the reserve balance stands at fifty (50) days or fewer, all teachers wanting to belong to the reserve must contribute two (2) days to the reserve. If a teacher starts the school year belonging to the reserve bank she/he shall maintain membership throughout the entire school year.

Subd. 2. Participation and Administration: The district shall administer the disability leave reserve. Participating members of the bargaining unit who exhaust their personally-accumulated medical leave, and all other paid leaves including personal leave, shall be allowed reasonable and necessary withdrawals from the disability leave reserve subject to the recommendation of the disability leave reserve committee. The disability leave reserve committee is made up of the superintendent and one other administrator designated by the superintendent, and by two representatives appointed by the Winona Education Association. No teacher hired after February

1, 2008, while on probation, will be allowed to use more than twenty (20) days per teacher work year from the disability leave reserve. No other teacher will be allowed to use more than ninety (90) days per teacher work year from the disability leave reserve. Prior to drawing from the disability reserve, a teacher will have to have been without pay for three (3) consecutive days. Teachers shall not be penalized for non consecutive use of disability reserve days used for the same condition occurring within ninety days of their return to work.

Subd. 3. Second Opinion: A second doctor's opinion may be required by the district at its discretion. The second doctor's opinion will be paid for by the district. If the teacher refuses to get a second opinion, the teacher shall forfeit the right to use the disability leave reserve. If the two doctors disagree, they shall mutually choose a third doctor whose opinion shall prevail.

Section 3. Personal Leave: Teachers contracted to work a minimum of .25 FTE shall be granted up to 2 days of personal leave each year, without loss of pay. Such leave shall be prorated for part-time teachers and will be taken at the employee's discretion by notifying the immediate supervisor. Teachers who have completed fifteen full time consecutive years in the district shall be granted up to 3 days of personal leave each year.

A teacher may elect to be paid \$100.00 for each unused personal day. Unused personal leave may not be carried into the following year.

Use of personal leave may not be scheduled during the first two or last two student days of the school year unless approved by the teacher's immediate supervisor (building principal, community education director or special education director). A personal leave day may not be taken to cause a teacher to miss a scheduled parent/teacher conference unless approved by the teacher's immediate supervisor (building principal, community education director, or special education director).

Additional personal leave days of an emergency nature may be granted at the discretion of the Superintendent of Schools.

Immediate family is defined as mother, father, sister, brother, husband, wife, son, daughter, son-in-law, daughter-in-law, sister-in-law, brother-in-law, niece, nephew, aunt, uncle, cousin, grandparents and grandchildren of the teacher. The same application shall be made to the spouse's relatives as they may apply. A teacher shall be granted leave to attend a funeral of a friend or colleague.

Additional funeral leave may be granted at the discretion of the superintendent of schools. This request may be made directly to the superintendent, or with the assistance of the director of human resources, and/or the exclusive representative.

Section 5. Teaching Leave: A teacher who is granted a leave of absence without pay for the purpose of participating in a foreign teaching program, military teaching program, or the Peace Corps and has full time participation in such program shall upon return to the district be

placed on the salary schedule as though she/he has been teaching in the district system for the time she/he was absent. Such teacher can continue coverage in the district insurance programs by payment of the full premiums to the district at the group rate.

A teacher taking a year's leave of absence for the purpose of study, writing, travel or something of similar nature shall not accrue a year's teaching experience unless the nature of the leave is of such educational stature for the benefit of the district to merit a year's advancement on the salary schedule approved before the fact by the superintendent of schools. It shall be the general policy that teachers who take a leave may become eligible to move either horizontally or vertically on the salary schedule, depending on the purpose of the leave, but are not able to advance in both directions.

A teacher must apply for a leave under this section by May 15, in writing to the Superintendent. The teacher must also notify the School Board by April 1 of the following year of his or her intent to return.

Section 6. Exchange Teacher Leave: A teacher who is teaching as an exchange teacher will be paid for one school year as though she/he had been teaching in the district system for the year she/he was absent. The district will contribute toward the teacher's insurance premiums as though she/he had been teaching in the district.

Section 7. Required Study Leave: A teacher who is required by the district to take a leave of absence for study will be paid her/his regular salary and treated in all respects as though she/he were teaching in the district.

Section 8. Jury Duty: A teacher who is called for jury duty, or to give testimony before any judicial tribunal, in arbitration, negotiations and mediation proceedings shall be compensated for the difference between the teacher's regular salary and the pay received for such obligation for the period she/he is away from her/his teaching assignment.

Section 9. Military Leave: Military leave of absence without pay shall be granted to any teacher who shall be inducted or shall enlist for military duty for one draft period or one enlistment period in any branch of the armed forces of the United States. Upon return to the district, such teacher shall be placed on the same position on the salary schedule as she/he would have been if she/he continued teaching in the district during the period of such absence.

Section 10. Elective Office: A teacher filing for a position in the state or federal legislature shall be granted a leave of absence, without pay, for the time devoted to campaigning, and if elected, for the time that the legislature is in session and for such other times required to fulfill the obligations of her/his office. Upon returning to the district, said teacher shall be placed on the salary schedule as though she/he had been teaching during her/his absence. The district shall continue payment of its share of insurance premiums during the teacher's absence if she/he elects to continue such coverage.

Section 11. Sabbatical Leave: Sabbatical leave is a leave that may be granted for study, research, educational travel and/or other approved projects, including technical instructors returning to industrial employment, provided that the activity which the teacher engages in while

on sabbatical leave (must) be related to the teacher's professional responsibilities, or to any related field which will reasonably be related to the improvement of the teacher's performance. Such leave may be granted to staff members with at least six consecutive years experience in the school system on the following terms and conditions:

- A. Compensation – Such person as may be granted a sabbatical leave shall be paid an amount equal to one-half the salary such person would receive in discharging her/his professional duties.
- B. Obligations of persons receiving sabbatical leave – The person receiving a sabbatical leave of absence pursuant to these provisions must agree to return to the district for at least two years after completion of the leave, or must in the event of failure to return to the school system for such 2 year period repay the salary received while on leave; provided, however, that in the event of such person becoming ill or injured and cannot fulfill her/his professional duties after the sabbatical leave because of death, illness, or injury the salary repayment may be waived by the school board.
- C. Limitation on horizontal and vertical movement on salary schedule – If the teacher on sabbatical leave derives credits during such sabbatical leave which would allow for horizontal movement on the salary schedule exhibited on Appendices A and B, she/he shall in that event be limited for the returning year to the horizontal movement increase and shall waive any vertical movement step/year increase.
- D. During such period of time that a person is on sabbatical leave the amount of any payments made pursuant to this section by the district shall be reduced by the amount earned which would be in excess of the salary received if said person were teaching in the district.
- E. Application – Teachers will make application for sabbatical leave to the superintendent which application shall include description of the intended sabbatical activity and the expected benefit to the teacher's performance. The superintendent will review the application and refer it to the school board for action. The decision of the school board shall be final.
- F. Limitations – Sabbatical leaves shall be limited to no more than two percent of the total faculty in the district during any one school year.
- G. Teachers on sabbatical leave can continue coverage in the district insurance program by payment of the full premiums to the district at the group rate.

Section 12. Professional Conferences: The district shall make provisions in the instructional budget of the district for those teachers in the district to attend national and regional professional meetings in accordance with a policy developed by the district and with prior approval of the superintendent of schools. The district shall pay for travel, meals, lodging, and registration fees incidental to the attendance at such meetings, and shall provide a substitute teacher to replace the participant. The teacher shall submit a written report to the superintendent regarding the proceedings of such meetings attended when requested to do so. The teacher

attending such meetings and conferences may receive clock hours for such attendance upon application to the Continuing Education Committee.

Section 13. Child Care Leave:

- A. Child care leave shall be granted by the district upon request of a teacher delivered at least one month prior to the time such leave is to be taken. Such leave may be for periods extending beyond a period of time the teacher is unable to work due to pregnancy, childbirth, or recovery therefrom, but shall be for no longer than one full year from the date of the commencement of such leave. The leave shall be granted only in cases where the teacher requests such leave for the purposes of attending to a newborn or newly adopted child.
- B. Teachers on child care leave will continue to be covered, for a twelve week period, under the district's group health insurance plan and life insurance plan under the same conditions as coverage would have been provided if they had been continuously employed during the leave period. This twelve week period includes the period in which sick leave has been utilized for the birth of a child. Beyond the twelve week period, teachers may continue the insurance programs of the district by paying the full premiums regularly. This twelve week period of insurance coverage is provided per FLMA and may only be utilized once during the twelve month period from July 1 to June 30. Under FMLA this twelve week period may be intermittent.
- C. If a child care leave extends into two different school years, the administration shall assign the returning teacher to a position in the system for which the teacher qualified.
- D. If a child care leave commences and ends during a single school year the returning teacher shall assume the same position the teacher had upon leaving.
- E. If a position is abolished during the time of a child care leave the returning teacher shall be assigned to a position as comparable as possible to the position left.
- F. Seniority rights for teachers on child care leave shall extend from the date of their initial employment as licensed teachers with District 861.
- G. Child care leave shall be without pay, and upon returning to the district, a teacher shall be placed on a salary schedule at the position held when starting leave.

Section 14. Longevity Leave: Full-time and fractional time teachers working a minimum of .25 FTE who are beginning their 19th continuous year of service with District 861 (an approved leave of absence does not constitute a break in service) shall be eligible for up to five (5) days of paid short-term leave once every five years. The leave must be used in one block and may not be spread over the year. Eligible teachers have the option of requesting a \$500.00 payment in lieu of the five days of longevity leave. Payment shall be prorated for part-time teachers.

This short-term leave may not be scheduled during the first or last five days of the school year. The number of teachers gone from any building may not exceed 10 percent of the teaching staff in the building.

Teachers who want to access longevity leave shall schedule such leave with the human resource office on a first-come, first-serve basis at least one week in advance. A pre-leave conference involving the teacher and substitute shall be required. The five-year block will begin with the 1995-1996 school year, as per Appendix E.

Section 15. Unpaid Extended Leave of Absence: Teachers may qualify for an extended leave of absence as per Minnesota Statute 122A.46. Teachers must apply for such a leave by April 1st. The District is not obligated to reinstate any teacher who is on an extended leave of absence pursuant to this section, unless the teacher notifies the district by February 1 of her/his intention to return the following school year.

Section 16. Unrequested Leave and Reduction of Personnel:

- A. Termination of teachers required by discontinuance of position, lack of pupils, financial limitations or merger of classes caused by consolidation of districts shall take place only in accordance with the provisions of this section and the applicable provisions of the Minnesota continuing contract law. The exclusive representative shall be informed of the need for reductions prior to the implementation of the provisions.
- B. Teachers on continuing contract who are placed on unrequested leave shall be selected from all teachers in the district who are licensed for the position to be eliminated. A teacher shall be defined as in Article III of this contract.
- C. Seniority shall be established from the date a signed contract is received in the Human Resources Department, or, if no contract has been signed, the first date of actual employment.
- D. In all circumstances and regardless of the record date for seniority, full-time teachers shall be deemed more senior than teachers who are employed less than full-time. Any full-time teacher who is or has been employed less than full-time shall retain her/his seniority as if she/he were still a full-time teacher. Reductions and placement on unrequested leave shall be in accordance with the following provisions:
 - 1. Teachers with only limited permits and/or provisional licenses shall be given notice and placed on unrequested leave first, in inverse order of their seniority.
 - 2. Probationary teachers shall be reduced next. Such reductions shall be by seniority if evaluation is not the determining factor. A probationary teacher affected shall be given an opportunity to discuss the job reduction with the superintendent or her/his designee and upon request given the reasons in writing.
 - 3. If further reductions are required, continuing contract teachers shall then be placed on unrequested leave in inverse order of their seniority.
 - 4. A teacher who is on a requested leave of absence but would have been placed on unrequested leave had she/he been actively working in the district, will be placed on unrequested leave in accordance with the provisions of this section.
 - 5. Should a lesser time position be the only position available to a teacher who would otherwise be subjected to unrequested leave, the teacher shall have the option of underemployment or unrequested leave.

- a. Underemployment shall be defined as a teacher being employed for less time than she/he was employed during the year that she/he was subject to unrequested leave action.
 - b. Full employment shall be defined as a position equal in time to the individual's position during the year she/he was subject to unrequested leave action.
 - c. Upgrading shall be defined as the opportunity to move from underemployment up to and including the teacher's full employment.
 - d. Underemployment upgrading shall be done by seniority and licensure. The underemployed teacher shall have upgrading rights equal to her/his rights had she/he been placed on unrequested leave.
- 6. If teachers have equivalent seniority:
 - a. The teacher whose initial contract was received last by the Human Resource Office shall be placed on unrequested leave first.
 - b. If 2 or more teachers have identical dates for receipt of initial contract the one with least professional preparation shall be placed on unrequested leave first.
- 7. Teachers proposed for placement on unrequested leave of absence (ULA) must be notified in writing by the District. One or more of the following reasons must be stated: discontinuance of position, lack of pupils, merger of classes caused by consolidation of districts, or financial limitations. Teachers who receive such notification have 14 days from the time the letter is received to request a ULA due process hearing. Such request must be made to the district 14 days from the time the letter is received to request a ULA due process hearing. Such request must be made to the School Board Chair. Upon such request, the District will schedule a due process hearing with a neutral hearing officer, as detailed in M.S. 122A.40.
- 8. For teachers placed on ULA, the following conditions shall prevail:
 - a. No pay or fringe benefits.
 - b. Consistent with "B" provisions, no teacher shall be placed on unrequested leave if there is any other licensed teacher with less seniority in the same field and subject matter employed.
 - c. Any teacher placed on such leave may engage in teaching or any other occupation during such period and may be eligible for unemployment compensation if otherwise eligible under the law for such compensation.
 - d. Such leave will not result in a loss of credit for years of service in the district prior to being placed on unrequested leave and the teacher will continue to accrue seniority while on unrequested leave. Any teacher on a leave pursuant to the terms of this contract will continue to accrue seniority while on such leave.

- e. Salary schedule credit shall be granted to any teacher for full time teaching experience gained during the unrequested leave.
- f. Reinstatement of teachers on unrequested leave to positions for which they are licensed shall be in inverse order in which they were placed on unrequested leave. Teachers will be reinstated only to positions for which they are licensed at the time of reinstatement, and only upon proof of current licensure by the State Department of Education. The provisions of D.5. above shall also apply to reinstatement.
- g. If a position becomes available to start a new school year for a licensed teacher on unrequested leave, the district shall deliver by registered mail a notice to such teacher who shall then have 30 calendar days from the date of receipt of such notice to accept the reemployment. Failure to reply within the 30 day period shall constitute waiver on the part of any teacher to further rights of employment or reinstatement and shall forfeit any future reinstatement or employment rights. If a position occurs during a school year the licensed teacher shall be notified, with the option of accepting it or deferring it until the beginning of the next school year. If deferred, the district shall fill the position temporarily. Failure to inform the superintendent about acceptance or deferral within 15 days after receipt of the notice shall result in filling the position with another candidate.
- h. Teachers on unrequested leave shall be required to annually renew their unrequested leave status.
 - 1. Written notice of availability for reinstatement from the teacher on unrequested leave must be received via certified mail in the superintendent's office on or before March 15 of each year.
 - 2. In the event written notice is not received in compliance with 8A, the superintendent's office shall issue a reminder via certified mail to the teacher regarding the need for that teacher's written notice of availability. Such reminder shall be sent no later than April 1 of each year.
 - 3. The teacher now has until April 15 to provide notice of availability via certified mail to the superintendent's office. Failure to do so shall cause the teacher to be removed from unrequested leave and shall constitute voluntary termination of employment.
 - 4. Unrequested leave automatically ceases 5 years from the date that the leave began.
 - 5. Reminders shall be sent from the superintendent's office to the last filed address of the teacher.
- i. Except as otherwise provided in this section a teacher who refuses employment in a position for which she/he is licensed shall forfeit all rights to reinstatement and be immediately removed from

unrequested leave status. If the district and the teacher on unrequested leave mutually agree that reinstatement to a position in a field of the teacher's licensure is not desirable, a by-pass of reinstatement can be made without loss of future reinstatement rights.

- E. A seniority list shall be posted in each district school by October 1 each year. Fields of licensure and the record date of employment shall be included. If a tie in seniority still exists it shall be resolved by a joint decision of the exclusive representative and the superintendent after consideration of the classroom evaluations. Any teacher who may disagree with the list shall have 20 days from the date of posting to file a grievance at Level II.
- F. Teachers who are to be considered for ULA shall be notified. Notification shall be in accordance with School Board policy.

Modification may be made in building hours by building administrators with the approval of the director of human resources or Superintendent providing totals are not different than those specified in Section 2, i.e., when classes begin at 8 a.m. starting time for teachers may be 7:45 a.m. and extend for 30 minutes after school is dismissed.

Section 3. Additional Activities: In addition to the minimum school day teachers will assume their reasonable share of non teaching duties for the operation of the school. The administrator of the teacher's home school shall be responsible for assigning additional duties.

Section 4. Teacher Work Load – Elementary and Secondary: The normal teaching load for classroom teachers in the elementary and secondary schools shall be five hours (300 minutes) of pupil classroom/instructional contact per day or 25 hours (1500 minutes) per week. The classroom/instructional contact minutes are exclusive of supervision that may be assigned. Assignment to a study hall constitutes a teaching period. The normal teaching load for those teachers not involved in this section shall be that load in effect as of the effective date of the master contract in accordance with Article IX, Section 2, Subds. 6, 7, 8.

Section 5. Preparation Time: All K-12 teachers shall have an uninterrupted preparation time exclusive of supervisory duties each student day. Preparation time will be a ratio of no less than 1 minute of preparation time for 6 minutes of classroom/instructional contact time.

Section 6. Four (4) Day Work Week: In the event a four (4) day work week is established, the normal teacher load during a four (4) day work week for classroom teachers in the elementary and secondary schools shall be six hours and fifteen minutes (375 minutes) of pupil classroom/instructional contact per day or 25 hours (1500 minutes) per week.

ARTICLE XVI

LENGTH OF SCHOOL YEAR

Section 1. Teacher Duty Days – Elementary and Secondary: Pursuant to M.S. 120A.40 the school board shall prior to April 1 of each odd numbered year, establish the number of school days and teacher duty days for each of the next two years for elementary and secondary teachers and the teachers shall perform services on those days as determined by the school board, including those legal holidays on which the school board is authorized to conduct school and, pursuant to such authority, has determined to conduct school.

Subd. 1. The number of teacher duty days for any teacher new to the district shall be four more than that of a teacher who is not new to the district. These four additional days shall be used as district wide orientation, building orientation, WEA orientation, and classroom preparation time. Teachers shall receive compensation in the amount of \$250.00 for full attendance during these four additional duty days. Payment shall be made to the teacher at the end of the fourth day. Attendance during these four days is mandatory unless authorized by the superintendent of schools. The four additional days will occur within the six consecutive workdays immediately preceding the start of the first school district workshop day. Any teacher authorized to miss any portion of the days shall receive a pro-rated compensation for the actual time in attendance.

Section 2. School Calendars: Calendar proposals for K-12 shall be generated by a district committee consisting of representatives of certified staff, non-certified staff, administration, school board, parents, and a transportation committee member. The results of a recent parent calendar preference survey may be provided to the committee before it begins deliberation. The committee shall begin its deliberation by November 1st.

At the meeting in which the final calendar options are determined, a vote will be taken reflecting the committee members' approval or disapproval of these final options. All members present shall initial a tally of this vote. This tally will be presented to the Board.

All certified and non-certified district staff working under the calendar shall vote on calendar options. The board shall then study and consider the calendar with the majority of votes before establishing the yearly calendar. The board will finalize a calendar at its March meeting. Legislative initiatives or unusual circumstances which could alter the calendar would cause the Calendar Committee to open discussion to change the calendar. The calendar for the elementary and secondary schools of the district for the 2014-2015 school year appears in Appendix B.

Subd. 1. An additional conference day shall be granted to kindergarten teachers who have more than 30 pupils in any one day. When the additional conference day is held, a substitute shall be employed.

Section 3. Emergency Closings: The following language is in effect until the end of the 2014-15 school year: In the event a student day or teacher duty day is lost for any emergency as declared by the superintendent, the teachers shall perform duties on that day or other such days in lieu thereof as the school board shall determine if any. Determination of a make-up plan will be made after consultation with the exclusive representative. Beginning with the 2015-16 school calendar, in the event a student day or teacher duty day is lost for any emergency as declared by the superintendent, the teachers shall not be required to work on or make up the first three emergency closing days. The second Friday in May shall be reserved on the calendar and designated as a make up day for the fourth emergency closing day. The Friday before Memorial Day shall be reserved on the school calendar and designated as a make up day for the fifth emergency closing day. Any emergency closing days beyond five shall be made up based on a mutually agreed upon plan.

Section 4. Informal Discussion: In the event that an individual or group of individuals believes that there is a basis for a grievance, she/he/they may first discuss the alleged grievance with her/his/their administrative supervisor either privately or accompanied by a representative of the grievance committee without having reduced the grievance to writing.

Grievance Mediation shall not be binding for either side unless the decision is mutually agreed upon.

Section 6. SECTION 1. MILEAGE ALLOWANCE AND TRAVEL TIME: Listed below are the standards for determining mileage allowances for certain teaching assignments and travel for those teachers using their own vehicles. Also covered in this section are schedule accommodations for teachers who travel from building to building.

- A. The mileage allowance is established by the school board annually at its August meeting and is set at the federal approved rate. The district will pay a minimum of \$1 for any school travel for each start-up.
- B. Teachers who work in more than one building within the district will travel to their initial city school assignment at their own expense. If the teacher's initial teaching assignment is an outlying school, she/he shall be reimbursed for the mileage to that school from Junction 61-43 East or 61-Gilmore West, whichever is closer to that school. If the job then demands that the teacher travel to another school or schools during the day, the district will reimburse the teacher at the mileage allowance figures. If the last teaching assignment of the day is at an outlying school her/his return trip shall be reimbursed for the distance from that school to the closer of the two junctions.
- C. The district shall make accommodations in the schedules of teachers whose assignments include travel from building to building within the district. All such teachers shall have prep time and duty free lunch time in accordance with contract interpretation and comparable to their colleagues who do not travel.
- D. Teachers claiming mileage under (B) above shall use the following established figures between schools and junctions:
